Job Location M& E

Salary \$11.55 - 13.66 (non-exempt)

Application Deadline 8/06/12 (5:00 p.m. MST)

Job Description

Idaho Power Company is seeking a Sander to prepare transformers and other oil filled equipment for painting, including scraping, washing, adhesive removal, blow-drying, masking, prepping, and sanding. This position also provides backup support for the painter as needed. Typical duties include:

- Removing adhesive labels from Transformers and other oil filled equipment: Scrapes stickers from units using a razor blade scraper. Cleans porcelain bushings to remove dirt, debris and adhesive residue.
- Washing of Transformers and other oil filled equipment: Loads wash bay with units on carts. Sprays equipment with degreaser and various soaps to thoroughly clean units so paint will adhere. (Procedure requires the use of ear plugs and rubber gloves).
- Rinsing of Transformers and other oil filled equipment: Thoroughly rinses units using a high pressure washer, being careful to follow established procedures. (Procedure requires the use of ear plugs and rubber gloves).
- Masking of Transformers and other oil filled equipment: Masks primary and secondary bushings, ground lugs, data plates, and other areas according to established procedure.
- Sanding of Transformers and other oil filled equipment: Sands units according to prescribed procedures, checks surfaces, chooses appropriate product, grinds metal parts, and applies rust converter if warranted, and primes bare metal. (Procedure requires the use of proper protective equipment. Proper "PPE" includes: ear plugs, rubber gloves, over the ankle safety toe shoes, safety glasses, dust mask, and face shield.

Required Skills

- Knowledge of:** Pressurized painting systems and procedures helpful, as well as auto body and painting techniques.
- Skills in:** Sanding, prepping, and painting metal surfaces; verbal and written communication.
- Ability to:** Perform physical labor; work independently; and establish positive working relationships in a team environment.

Required Experience

MINIMUM REQUIREMENTS

Education High school diploma or GED.

Experience Prefer demonstrated knowledge of auto body and painting techniques; previous work experience with electrical equipment and operation of overhead cranes and hand-held tools.
