Are you interested in learning what it's like to work in a highly-controlled, laboratory-like environment, called a cleanroom? **Photronics**

Do you have a desire to learn and grow in the semiconductor industry? **Photronics**

Would you like a career path that takes you into an engineering position? **Photronics**

Would you like to work for a cutting edge company where you can continue to use your Mechanical, Administrative, General, Electronics, and leadership skills? **Photronics** has that opportunity.

Photronics, the worldwide leader in photomask products and services, is looking to hire several Manufacturing Process Technicians to support operations at our local Boise facility. Our photomask products, and technologies have provided the foundation for state-of-the-art tech devices, PCs, TVs, displays and a host of other products that you rely on every day.

What you'll be doing...

- Assist with the production of photomasks in various areas and checkpoints leading up to the final product check.
- Operating tools to process high-quality products, interfacing with computer systems to perform job duties.
- Interact with the engineering teams to enhance productivity, improve safety, quality and output, as well as reduce cost.
- Utilize fully automated and semi-automated equipment as well as microscopes.
- Enjoy doing detailed work in a clean and structured environment, and following established safety and quality procedures.

What we're looking for...

- Must be able to wear cleanroom attire, protective equipment and follow the cleanroom protocol - These dressing requirements help protect the highly-sensitive tech products you will be working with!
- Have the drive and capability to be cross-trained
- Ability to follow sequential process from start to finish
- High school diploma or GED.
- Passion for care and the ability to listen, problem solve and deliver great solutions
- 12-hour day and nightshift available with 36-hour week, and 48-hour week, shift differential for nightshift, and OT available
- Minimum starting pay \$19.00 per hour

Photronics is an Equal Opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, disability status, sexual orientation, gender identity and expression, pregnancy, protected veteran status, or any other classifications protected by law. This includes providing reasonable accommodation for team members' disabilities or religious beliefs and practices.

Photronics is an E-Verify company.
