This instruction provides specific instructions for unique Air National Guard (ANG) requirements for automated administrative orders using the ANG Reserve Orders Writing System (AROWS) and the Integrated Automated Orders System (IAOS). Use this instruction in conjunction with Air Force Instruction (AFI) 33-328, *Administrative Orders*; AFI 65-103, *Temporary Duty Orders*; Joint Federal Travel Regulations (JFTR), Volume 1, *Uniformed Service Members*; and Joint Travel Regulations (JTR), Volume 2, *Department of Defense Civilian Personnel*. Authorities to maintain records are Title 10, United States Code (U.S.C.), Section 8013, *Secretary of the Air Force: Power and Duties: Delegation By*; JFTR, Volume 1; and JTR Volume 2. Refer to *Attachment 1* for a glossary of references and supporting information. All records created as a result of processes prescribed in this publication are maintained in accordance with AFMAN 37-123 (will convert to AFMAN 33-363), *Management of Records*, subject to *The Privacy Act of 1974* and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located at https://afrims.amc.af.mil. States are encouraged to supplement this instruction to meet local needs. ANG units may submit recommended changes to this instruction to NGB/A6I.

**SUMMARY OF CHANGES**

This document is substantially revised and must be completely reviewed.

1. **Applicability**: The AROWS and IAOS systems are the ANG standard for computer generated orders. Safeguards on privacy act information within these systems will follow AFI 33-332, *Privacy Act Program*. All ANG orders writing activities (OWA), i.e., State Headquarters, Wings, GSUs, and Detachments, must create all orders using these systems. If a conflict exists between this instruction and AFI 33-328, contact NGB/A6I.

2. **Restrictions on Publication of Special Orders.**

   2.1. Only NGB/A1, Adjutants General, or ANG units can generate orders for the ANG or its members. ANG organizations of one state cannot generate special orders that affect ANG organizations of another state without the consent of NGB/A1 and governors concerned. AROWS will only allow the Human Resource Office (HRO) the authority to generate special orders on members outside of their state. Statutory tour orders are generated by the ANG Organization Management Directorate (NGB/OM).

   2.2. Do not generate special orders directing members to perform duty outside the states without the consent of the governor and individual concerned. The term “states” is defined as the 50 states, Puerto Rico, Virgin Islands, Guam, the District of Columbia, and U.S. territories.

   2.3. Duty performed outside the states, as defined in paragraph 2.2., will be performed under the appropriate Title 10 USC. Duty will not be performed in a military technician or inactive duty status. This restriction will not be waived.

   2.4. NGB/A1 will generate orders granting and withdrawing federal recognition.

   2.5. Participation in training without pay and allowances is authorized in accordance with ANGI 36-2001.

   2.6. Individuals will not attend service schools in a no pay and allowances military status.

3. **Orders Issuing or Approving Official.** The competent authority who determines the need for an order, requests its publication, justifies special authorizations, and approves claims for reimbursing items not authorized in the order or which require administrative approval. He or she furnishes adequate background material on request, or maintains it under rules in this instruction. Automated special orders need not be signed as long as proper approval is documented before orders are certified.

   3.1. Authority to Publish Orders. Commanders, State Adjutants General or designated air representatives, may publish orders.

   3.2. Orders Writing Activities (OWA). State Adjutants General, Commanders at all levels, or designated representatives, will establish OWAs.

      3.2.1. Management of special orders will not be centralized. OWAs will generate, distribute, and maintain record copies of orders that they initiate.

      3.2.2. Aeronautical Orders. The Chief, Flight Management Office (FMO), Host Operations System Management (HOSM), or designated representative will generate, distribute, and maintain record copies of Aeronautical Orders.

      3.2.3. Contingency, Exercise, Deployment (CED) orders and all P series orders. The Chief, Military Personnel Flight (MPF), or designated representative within the MPF will generate, distribute, and maintain record copies of CED orders and all P series orders.
3.2.4. Active Guard Reserve (AGR) Tour Orders. The HRO at each individual State Headquarters will generate, distribute, and maintain record copies of AGR tour orders.

3.3. The Office of Primary Responsibility (OPR) for each type of ANG order is listed in Attachment 2. As required, the OPR will provide functional guidance, supplement functional directives and answer questions relating to their type of order.

3.4. Publishing Self-executing Orders for ANG Members Performing Alert Duty or OCONUS Missions.

3.4.1. ANG members, regardless of status, will not depart the CONUS unless they are in an appropriate Title 10 status. The AROWS system will automatically populate orders with the paragraph applicable to each ANG member as reflected below. However, if the AROWS system is not functional, or for any other reason an IAOS or manual order must be produced, orders specialists must include one of the following paragraphs as applicable on all ANG orders.

3.4.1.1. Alert Missions: Use one of the following mandatory paragraphs for ANG member’s orders supporting alert missions.

3.4.1.1.1. Aircrew: “By Order of the Secretary of the Air Force, or delegated official, ANG aircrew members performing alert duty will automatically convert to Title 10 U.S.C. 12301(d) when accomplishing an operational federal mission. Members will revert to their original/previous status upon completion of such duty.”

3.4.1.1.2. Other ASA/Alert duties, such as aerospace warning and aerospace control: “By Order of the Secretary of the Air Force, or delegated official, ANG members performing duties related to the air sovereignty mission (aerospace warning, aerospace control, etc., as required) will automatically convert o Title 10 U.S.C. 12301(d) when accomplishing an operational/federal mission. Members will revert to their original/previous status upon completion of such duty/mission.”

3.4.1.2. OCONUS Missions: The following paragraph is mandatory for and applies to all other ANG members to include AGR’s (other than alert related duties). This statement will be placed on all AGR tour orders in addition to all other call to duty orders for ANG members:

3.4.1.2.1. By Order of the Secretary of the Air Force, or delegated official, ANG members will automatically convert to Title 10 U.S.C. 12301(d) when performing OCONUS duty. Members will revert to their original/previous status upon return to the CONUS.”

4. NGB 336. NGB 336, Air National Guard (ANG) Orders Application Request, must be used by all ANG OWAs to initiate all special orders, except personnel administrative orders. (Future versions of AROWS will include the capability to produce personnel administrative orders.)

5. ANG Orders Heading.

5.1. State status (Title 32 USC): include the state, generating activity and location. See Figure 1.
Figure 1. Example State Status. (Title 32 U.S.C.)

NEW YORK AIR NATIONAL GUARD
HEADQUARTERS, 105 AIRLIFT WING (AMC)
ONE MILITIA WAY
NEWBURGH NY 12550-5042

5.2. Federal status (Title 10 U.S.C.). Include DEPARTMENT OF THE AIR FORCE, NATIONAL GUARD BUREAU, generating activity and location. See Figure 2.

Figure 2. Example of Federal Status. (Title 10 U.S.C.)

DEPARTMENT OF THE AIR FORCE NATIONAL GUARD BUREAU
HAWAII AIR NATIONAL GUARD
HEADQUARTERS, 154 WING GROUP

5.3. The order type, number and date will be generated by AROWS or IAOS.

6. ANG Orders Body. Use AROWS/IAOS order format. Follow the guidelines of AFI 33-328, paragraph 2.3.3 for composed orders. Composed orders are only generated in IAOS.

7. ANG Orders Close. (Reference AFI 33-328, paragraph 2.3.4.) Use the authority lines listed below for computer generated orders. Also, refer to Attachment 3 “Series of Special Orders,” notes 1 and 2 of this instruction.

7.1. For Title 10 status orders use: BY ORDER OF THE SECRETARY OF THE AIR FORCE

7.2. For Title 32 status orders use: BY ORDER OF THE GOVERNOR

8. Series of Special Orders. Attachment 3 “Series of Special Orders,” indicates the series to use for specific actions.

9.1. Automated system generated orders are assigned a series, squadron code, number and date upon certification of funds.

9.2. Manual Contingency plan required. Manually prepare special orders in the AROWS/IAOS formats when the systems are not operational for an extended time period. When the systems return to operation, enter the manually prepared orders in sequence and prior to any new orders generation.

10. Changes to Orders -- Modifications (Amendments) and Cancellations (Revocations).

10.1. Modify special orders after the effective date, provided the new date will be in the same fiscal year. In cases where a verbal order is required, refer to AFI 33-328.
10.2. Cancellation of orders.

10.2.1. Rescind an order when some action has been taken on a published order, such as a Government Transportation Request.

10.2.2. Revoke an order when no action occurs against the original order.

10.3. Do not modify an order to shorten a tour of duty for a member of the ANG who becomes injured or contracts an illness while performing duty prescribed by the order. To continue the member’s status generate a medical hold order with the same title and series as the original order.

10.4. Do not change an order to shorten or extend a tour of duty for ANG members unwillingly in place with a hostile force. In such cases, place the member in an active duty status to the nearest USAF organization and members will become the responsibility of the USAF. When no longer detained they will revert to their ANG status upon their return to home station.

11. Record Copies – Maintenance, Disposition, Retirement and Retrieval.

11.1. Maintenance and Disposition. Each OWA must maintain and dispose of all record sets of their orders and background material according to AF Records Disposition Schedule (AF RDS). Each ANG State Headquarters will ensure all flying units and geographically separated units (GSUs) within their state have adequate storage facilities for retiring record sets of orders. The ANG State Headquarters may elect to perform retirement and storage at the State headquarters level. OWAs are responsible for ensuring that all orders are properly managed through their lifecycle.

11.2. In March 2005, the AF mandated electronic records management implementation be in place by May 31, 2005 for all AF and ANG units. The guide AF Electronic Records Management (ERM) Solution “using existing resources” provides details on establishing and maintaining electronic records. This guidance is in place until a formal AF records management application (RMA) is fielded. Any ANG electronic order writing systems that can generate an electronic order file will be managed in accordance with the AF ERM Solution and additional guidance from AF or NGB/A6I.

11.3. Orders not maintained electronically will continue with current records management procedures until their disposition is met; they are transitioned into an ERM system; or a formal AF RMA is fielded. It is understood that reference terms for Records Management, will apply to either paper or electronic forms.

11.3.1. File the generated copy of each order in numerical sequence by series. The file folders (either paper or electronic folders) of record sets of orders “Record Set” can be marked to distinguish them from extra copies.

11.3.2. Requests for orders, modifications, cancellations, coordinations, approvals, letters, messages, theater clearances, etc., are considered background material. File background material in separate folders from the record sets of orders. This will aid in destroying the request on retirement of the record copy. Annotate the background material in the lower right-hand corner to show the order number to which it pertains. Electronic file annotations will be made on the Windows Properties summary dialog for the file in accordance with guidance from the AF ERM Solution guide.

11.3.3. Post each modification or cancellation to the record set. Post in ink on the left margin of the original. If more space is needed, post in another obvious place without defacing the order. Include the type of action, and the number and date of the special order. For example: Modified by
SO AT-111, 22 Jun 2005. Electronic file annotations will be made on the Windows Properties summary dialog for the file in accordance with guidance from the \textit{AF ERM Solution} guide.

11.4. Retirement and Retrieval. Retire and retrieve records in accordance with policy and procedures set forth by the State Headquarters within the individual state. If no State policies or procedures are available, then follow the AFIs, AFMANs applicable to Records Management.

12. Command Actions, Assumption of Command, Appointment of Commanders, and Opening and Closing of Headquarters. (Reference AFI 51-604, \textit{Appointment To and Assumption of Command}.) Use AROWS or IAOS to generate these orders.

13. \textbf{Organizational Actions.} The State controlled units are those ANG units not on Federal duty; hence, the Governor of the state, as Commander-in-Chief, is responsible for the promulgation of orders announcing organizational actions. Authority is Title 32 U.S.C. 104, and AFI 38-101. An establishment is considered an Organizational Management Action, not an Organizational Action. There is no requirement to generate orders implementing organizational management actions, but states may establish such procedures if desired. Such actions are not within the intent of Title 32 U.S.C. 104(c).

13.1. Designations, Activation and Assignment. Include the title of unit designated, station, unit of assignment, gaining command, effective date and authority. See \textbf{Figure 3}.

\textbf{Figure 3. Example of Designations, Activation and Assignment of a Unit. (AFPD 38-5)}

```

\textbf{NOTE:} NGB/A1M will initiate action to issue NGB Form 5, \textbf{Federal Recognition Certificate}, upon receipt of State orders activating the unit and receipt of the completed NGB Form 113a, \textbf{Report of Inspection for Federal Recognition}. The actual date of Federal recognition as documented in Section IV, 26b must be cited in the orders as the effective date of activation.

13.2. Redesignation. Include old and new unit designation(s), station(s), unit(s) of command, closing and opening of a headquarters, assignment, gaining command, effective date and authority. See \textbf{Figure 4}.
Figure 4. Example of Redesignation of a Unit.

“The 105th Communications Flight, Stewart ANGB, One Militia Way, Newburgh NY, is redesignated 105th Combat Communications Squadron, with no change in station or gaining command (AMC); effective 1 Nov 05. Unit will continue in assignment to Headquarters, New York Air National Guard. Authority: Titles 10 and 32 U.S.C.; AFPD 38-5; Ltrs DAF/MO 331r, 3 Oct 05, and ANG/XPMP, 5 Oct 05, Subject: Redesignation of the 105th Combat Communications Squadron.”

Authority: Titles 10 and 32 U.S.C.; AFPD 38-5; Ltr, ANG/XPMP, 1 Oct 05, Subject: Reassignment of Air Refueling Units.”

NOTE: If a unit assignment is changed and is not in conjunction with an Activation, Inactivation, Redesignation, or Change of Station, it will not appear on the Air Force Schedule of Changes (SOC). NGB/A1/XPM is not required to accomplish an Organizational Action, but would be required to do a Personal Account Symbol (PAS) Action to change the PARENT PAS of the effected unit.

13.4. Inactivation. Include designation of unit subject to inactivation, station, disposition of personnel, equipment, unit allocations, effective date, and authority. See Figure 7 or Figure 8.
13.5. Reorganization/Realignment. An Organizational Management Action is an action affecting the internal structure of a unit. This includes realignment and reorganization not accompanying a mission of an establishment. The addition, deletion, or movement of functions or components, if not accompanying a mission change of an establishment, is considered an organizational management action, not an organizational action. There is no requirement to generate orders implementing organizational management action; but States may establish such procedures if desired. Such actions are not within the intent of Title 32 U.S.C. 104(c).

13.6. Attachment. This places an establishment, a unit, or part of a unit with a military organization other than its parent organization, without making it a part of that organization. An establishment, unit or part of a unit may be attached for operational control, administrative control, and/or logistics support. Include designation and station of unit subject to attachment designation and station of major unit to which attached, purpose of attachment, effective date, and authority. See Figure 9.
Figure 9. Attachment of a Unit.

“The 553d Air Force Band, with station at Harrisburg International Airport, PA, is relieved from assignment to the 193d Special Operations Wing, same station, effective 30 Sep 05, and is assigned to Headquarters, Pennsylvania Air National Guard effective 1 Oct 05, and attached to 193d Special Operations Wing for support. There will be no change in authorized strength of station. Concurrent with this action, the 193d Special Operations Wing will continue to furnish MPF, fiscal and logistics support. Command supervision, administration and scheduling will be assumed by the new organization of assignment. Authority: Titles 10 and 32 U.S.C.; AFI 38-101.

NOTE: If an attachment is changed and is not in conjunction with an Activation, Inactivation, Redesignation, or Change of Station, it will not appear on the Air Force SOC. NGB/A1A8 is not required to accomplish an Organizational Action or a PAS Action.

13.7. Mobilization/Activation. Federally mobilized ANG units and activated individuals remain allocated to the State and will upon being demobilized revert to the control of the State. In the event of Federal mobilization, generate orders in accordance with policies and instructions set forth in AFI 33-328, using gaining command supplements and this publication. If only operational control of mobilized ANG personnel by the gaining MAJCOM is exercised and administrative controls remain with the ANG, generate orders utilizing the proper format.

13.8. Demobilization/Deactivation. Include designation of unit/individuals subject to demobilization or deactivation, authorized strength, station assignment, unit of assignment (when applicable), gaining command, effective date and authority. NOTE: To generate orders, format them in accordance with state authority and statutes. For deactivation of ANG personnel where only operational control was exercised by the gaining MAJCOM and administrative controls remained with the ANG, generate orders utilizing the proper format.

13.9. State Duty. Include designation of unit(s) called to State duty, purpose of call, days authorized, effective date of call, date of release and authority.

13.10. Change of Stations. Include unit designation, current station, new station (to include address), gaining command, effective date and authority. See Figure 10.

Figure 10. Change of Station.

“The 145th Communications Flight, North Carolina Air National Guard, Charlotte Air National Guard Base, Charlotte, NC, is transferred to the Badin Air National Guard Station, P.O. Box 263, Badin, NC, 2809-0263, with no change in gaining command (ACC) effective 1 Jun 05. Unit will continue in assignment to Headquarters, North Carolina Air National Guard. Authority: AFPD 38-5; and NGB Ltr dtd 25 Jul 05, Subject: OAL 91-07, Change in Station – 145th Communications Flight.”

NOTE: State orders should be generated and distributed upon receipt of the NGB/A1 Organizational Action Letter (OAL). The OAL letter and number must be cited in the order. NGB/A1 will initiate action to issue Report of Inspection for Federal Recognition, NGB-113a. Change of Station Certificate, upon receipt of State orders.
14. **Award of Individual Decorations.** Generate orders for State awards according to State statutes. Generate orders for Federal awards according to AFI 33-328.

15. **Unit Awards and Decorations.** Generate orders for State awards according to State policy. Generate orders for Federal awards according to AFI 33-328.

17. **Temporary Duty and Travel.**
   17.1. AROWS or IAOS generated travel orders will reflect actual days of TDY.
   17.2. Air National Guard personnel are not placed on funded TDY (including travel time to and from) at any one location for more than 139 days in accordance with the JFTR, chapter 7.
      
   17.2.1. Air National Guard personnel in a non-training status are not placed on funded TDY (including travel time to and from) at any one location for more than 179 days in accordance with the JFTR, Chapter 7.
   17.3. Do not generate permissive TDY orders for ANG personnel performing Active Duty Training (ADT) or Inactive Duty Training (IDT). Do not grant ANG military technicians permissive TDY for morale, welfare, or recreation activities as defined in JTR Vol 2 and ANGI 34-107.
   17.4. Contact the Accounting and Finance Office servicing the home unit to determine the appropriate fund citation for “Return to Duty Travel” of ANG members.
   17.5. Mission (MSN) and administration (ADM) travel codes and categories of travel required AFI 33-328.
   17.6. Commanders will identify circumstances when locally funded special authorizations are permissible while attending a school in TDY status.
   17.7. The orders issuing/approval official for AROWS/IAOS generated orders will establish adequate controls to ensure the traveler has accomplished a cost analysis and is justified as more advantageous to the government or necessary for mission accomplishment.

18. **Classified Orders.** Do not use AROWS/IAOS to generate classified orders.

19. **TDY Travel of Personnel Performing Inactive Duty Training (IDT).** Members performing IDT away from their permanent duty station and whose TDY location is not within commuting distance, receive travel and per diem in accordance with JFTR Chapter 4. Generate temporary duty inactive duty order(s) for members traveling in IDT status.

20. **Change of Duty Status while TDY.** Personnel will change duty status while on temporary duty only when the person’s commander considers it essential. Such changes of status could include:
   20.1. from approved military status to approved civilian status,  
   20.2. approved civilian status to approved military status,
20.3. inactive duty status to active duty status, or
20.4. active duty status to inactive duty status. An appropriate statement will be entered in the remarks section of the orders indicating the specific change in duty status.

21. **Invitational Travel Orders (Temporary Duty – Other).** When issuing Invitational Travel Orders, follow JFTR/JTR, Appendix E along with this instruction.

22. **Military Technician Travel Orders.**
   22.1. Use AROWS/IAOS to generate Military Technician travel orders.
   22.2. ANG members will use quarters commensurate with military grade, not civil service grade, i.e., GS-9/CMSgt.
   22.3. Include the appropriate statement in the “remarks” section:
       22.3.1. Member can travel outside normal duty hours due to mission requirements.
       22.3.2. Member cannot travel outside normal duty hours.

23. **Active Guard Reserve (AGR) Orders.** Do not list AGR personnel on orders with traditional guardsmen performing annual, special or school training.
   23.1. Include the statement, “Member is ordered to active duty (voluntarily), according to Title 32 U.S.C. 502(f) unless sooner relieved by competent authority.”
   23.2. Include the following information in the remarks section of the order:
       23.2.1. Unit Manpower Document Active (UMDA). PAS code, functional code, position description number, position title, authorized military grade and authorized civilian grade, if applicable.
       23.2.2. The AFSC for enlisted personnel.
       23.2.3. The statement, “Authority is given for any mission-directed OCONUS TDY, and that the individual will automatically be placed under Title 10 U.S.C. 12301(d) for duration of TDY, and will automatically revert to Title 32 U.S.C. 502(f) after completion of TDY.”
       23.2.4.    23.3. Funding information in accordance with AFI 65-601, Volume 1.
   23.4. Initial AGR Tour orders will also include the Total Active Federal Military Service Date (TAF-MSD) in order to process accession transactions (Ref: DFAS-DEM 7073-3 Chapter 24).
   23.5. Complete duty location address including zip code.

24. **UCMJ Jurisdiction of Air National Guard Personnel.** The UCMJ applies to members of the ANG ordered to active duty or active duty training under provisions of Title 10 U.S.C. The UCMJ does not apply to those members under the provisions of Title 32 U.S.C., but such members must adhere to State military justice or State civil law provisions, as appropriate. ANG members performing statutory tours
within their respective State or territory under Title 10 U.S.C. are assigned to the 201st Mission Support Squadron, which falls under the court-martial jurisdiction of the Air Force District of Washington. When performing duty under Title 32 U.S.C., jurisdiction rests with the State Adjutant General. When performing duty under Title 10 outside the United States and its territories, ANG members must defer to the military justice and administrative actions of the host command and its subordinate and higher commands. The provisions of AFI 33-328 do not apply to ANG personnel except when performing duty under Title 10 U.S.C., as stated above. In accordance with NGB/CF letter, dated 11 May 2005, Subject: Status of Air National Guard Members Deploying OCONUS, the orders for every ANG member in Title 10 status will include the following language:

**Member is assigned to the 201st MSS, ANGRC, Andrews AFB, MD for ADCON, and attached for a Federal (Operational or Training) Mission to (AD unit of attachment, such as 31 FW, HQ ACC, 1 AF, etc.,) for OPCON and Specified ADCON. Member is further directed to perform duty at (name of installation, such as Aviano AB, IT; Langley AFB, VA; Tyndall AFB, FL, etc; this includes “home station”)**

25. **Announcement of Death of ANG Personnel (State Action).** Include date of death, the unit of assignment and permanent address. See **Figure 11**.

**Figure 11. Announcement of Death of ANG Member.**

```
“Announcement is made of the death on 15 Dec 05 of MAJ JOE R. DOE, 000-00-0000, 191 FS, MI ANG, Selfridge ANGB, MI 19027-5000. Permanent address: XXXX XX St, Detroit, MI 19050-0000.”
```

26. **Unit Training Assembly (UTA) Orders.** Generate these orders as stated in ANGI 36-2001, consolidated by State headquarters, base, wing, or group. The next higher level of command within the State or the State Headquarters can generate orders for units at squadron level or below. Duty hours as shown in the order will include time authorized for meals. For example, 0730 to 1600 indicates an 8½-hour duty day which authorizes a half-hour for dining. Also include:

26.1. Designation and location of unit(s) concerned.
